

**”Collider Physics” 2nd Symposium of the Division for Physics of
Fundamental Interactions of the Polish Physical Society**

Contribution ID: 51

Type: **not specified**

Probing TeV scale physics with neV neutrons

Friday, 13 May 2016 16:35 (31 minutes)

Presenter: BODEK, Kazimierz (Jagiellonian University in Krakow, Institute of Physics)

Session Classification: Quark-flavour physics session
