

"Collider Physics" 2nd Symposium of the Division for Physics of Fundamental Interactions of the Polish Physical Society

Sunday, 15 May 2016

Radiative corrections at colliders session - IF UŚ (09:00 - 11:00)

-Conveners: Stanislaw JADACH

time	[id] title	presenter
09:00	[45] Successes and challenges in perturbative QCD	CZAKON, Michal
09:45	[46] Matching fixed order QCD with parton shower for Drell-Yan and Higgs production	SAPETA, Sebastian
10:05	[47] Advances in amplitudes with off-shell partons	VAN HAMEREN, Andreas
10:25	[48] Radiative corrections to hadron production in e+e- annihilation	TRACZ, Szymon
10:45	[50] 4-jet production in high-energy factorization	SERINO, Mirko
